

Quality & Environmental Management System Policy

Tether Technology Ltd will provide customers with products and a high level of service that conforms to all applicable requirements.

To help us achieve our Quality & Environmental Policy we are committed to implementing a Quality & Environmental Management system.

At all times Senior Management will provide support to the Quality and Environmental Management System.

We will ensure that we:

- Are focused on requirement and customer compliance, reducing waste, risks and preventing pollution
- Comply with applicable legal requirements that relate to our environmental aspects and service delivery activities
- Regularly review the performance of our Quality and Environmental Management Systems and set objectives that help us to continually improve.

It is essential that Our Quality and Environmental Policy is communicated, understood and applied throughout the company.

Our Quality and Environmental Policy is available to all interested parties.
